

**FRANCIS W. LAYTON SCHOLARSHIP COMMITTEE**

To all Bethel Guardians:

The enclosed letter is a sample of the information the Layton Committee is looking for in order to award the Daughter the most points possible for her participation in her Bethel.

The letter is to be used only as a guide and it may help to share it with all members of the Executive Guardian Council. They can then be more helpful in forming the content of the letter the Bethel submits to the Scholarship Committee.

Thank you for you assistance.

Sincerely,

**FRANCIS W. LAYTON SCHOLARSHIP COMMITTEE**

# SAMPLE

To the Francis W. Layton Scholarship Committee;

It is with pride that Bethel No. 19 recommends to you, Dorothy Martine, for your consideration of a scholarship award.

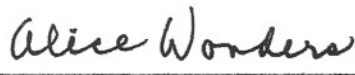

Dorothy has a good history with our Bethel and also with Job's Daughters in particular, having served her Bethel in all of the elected stations as well as Senior Custodian, Chaplain and Musician. During here years in Bethel 19 she has been able to row from a shy young girl into a very mature young woman. Job's Daughters has shown her what she is able to accomplish and her leadership skills have allowed our younger members to gain the self-confidence which gives them the ability to excel at school and other organizations.

She has continued to be an installing officer of this and other Bethels after having completed her term as honored Queen. She now serves as the Musician for our Bethel and her ability to play the piano adds so much to each of the meetings. We are certain that she will achieve her goals in the future, just as she has during her membership in Job's Daughters.

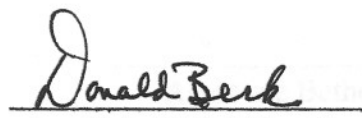

As Dorothy now serves the Jurisdictional Bethel as Guide and works part time to accumulate funds for her education, she continues to support here Bethel. Our Council members are very pleased to ask that you consider her as a recipient of one of your shcolarships. Thank you for your consideration.

Sincerely,

  
Bethel Guardian
